

29/07/2013

Dear Valued Customer,

KIMTECH SCIENCE* A7 Lab Coats (9670-9675) have been certified by notified body SGS (CE 0120), as an article of Personal Protective Equipment - Category III Complex Design, under CE directive 89/686/EEC.

The notified body confirms that KIMTECH SCIENCE* A7 Lab Coats (9670-9675) satisfy the requirements of the harmonized standard EN13034:2005 Type PB [6]: Limited wear life, partial body protection protective clothing offering limited protection against liquid chemicals.

In addition, the notified body confirms that the fabric meets the requirements of EN1149-1:1995 for electrostatic dissipative protective clothing on both surfaces.

For any protective clothing which passes the requirements of EN1149, antistatic properties only work effectively if the article and person wearing it are earthed.

Yours sincerely,

Kristin Barrett
